Integration of Emerging Technologies in Language Education: From Instructor to Institution

言語教育における新しい技術の導入にむけて

SPEAKERS

Rick Broadaway, Kanazawa Gakuin University
Stephen Henneberry, The University of Shimane
Gary Ross, Toyama Prefectural University

01010101

Computer Assisted Language Learning (CALL) has long been recognized as an essential companion to traditional language instruction. Despite the merits of e-learning and the desires of teachers and departments to integrate these technologies, there are many boundaries that have prevented their implementation. This symposium addresses techniques that teachers are using to address these issues. All presentations will be given in English and handouts will be provided.
